|                                    |                                                                          |
|------------------------------------|--------------------------------------------------------------------------|
| <b>Languages &amp; Frameworks:</b> | JavaScript, React.js, HTML5, CSS3                                        |
| <b>Styling &amp; UI:</b>           | Bootstrap, Tailwind CSS                                                  |
| <b>CMS:</b>                        | WordPress, Elementor, WooCommerce, Custom Post Types, Shopify            |
| <b>Other:</b>                      | API Integration, Firebase, Responsive/Mobile-First Design, Figma to Code |

## WORK EXPERIENCE

**Westonik Solutions Pvt. Ltd.** **Jul 2024 – Jul 2026**  
**Frontend Developer** Prayagraj, India

- Developed responsive, reusable UI components and page structures using React.js, JavaScript, HTML5, CSS3, and Bootstrap across desktop, tablet, and mobile breakpoints.
- Converted Figma designs into pixel-perfect, cross-browser interfaces with a focus on usability and layout consistency.
- Built and customized WordPress websites using Elementor, WooCommerce, custom themes, and Custom Post Types for e-commerce, corporate, portfolio, real estate, restaurant, booking, job portal, and blog/news clients.
- Collaborated with designers and backend teams to integrate APIs and ship client projects on schedule.
- Independently developed and customized a responsive Shopify e-commerce website, implementing product listings, collections, navigation, and user-friendly layouts to deliver a complete online shopping experience.

**Edera India** **Mar 2023 – Jun 2023**  
**WordPress Developer Intern** Remote – Pune

- Developed and customized WordPress websites using Elementor, improving UI/UX consistency and cross-device responsiveness.
- Implemented on-page SEO and performance-optimization techniques to improve load times and search visibility.
- Collaborated with the team to deliver client-based projects on schedule.

## PROJECTS

**Netflix Clone** — Live — GitHub — React.js, JavaScript, Firebase

- Built a Netflix-inspired streaming UI with Firebase authentication and dynamic movie data via third-party API integration.

**E-Commerce Website** — Live — GitHub — React.js, JavaScript, HTML5, CSS3

- Built a responsive e-commerce frontend with product listing, search, filtering, and a localStorage-based shopping cart.

**Single Page Website** — Live — GitHub — React.js, Vite, HTML5, CSS3

- Built a responsive single-page application using reusable React.js components, with Web3Forms contact integration and video modal functionality.

## EDUCATION

**Abeda Inamdar Senior College, Pune** **2017 – 2020**  
B.Sc. Information Technology 80.26%
